CONSTRUCTION BULLETIN

UW Medicine Center for Behavioral Health and Learning

1550 N 115th St. Seattle, WA 98133

Rendering of BHTF, SRG Partnership

The purpose of this bulletin is to inform staff, patients, visitors and the neighbors close to the University of Washington Medical Center Northwest campus about the Behavioral Health Teaching Facility (BHTF) construction project. This bulletin will be published quarterly during the design phase and monthly during the construction phase. Please see the webpage for more information about the project, construction logistics and the milestone schedule. <https://facilities.uw.edu/projects/behavioral-health-teaching-facility>

CONSTRUCTION ACTIVITIES

The final finishes are being completed throughout the building. Site improvements to the campus loop road, parking lots C, D and N 120th Street will continue through the end of the year. Asphalt paving and large vehicles will emit odors that will likely travel beyond the hospital campus. Fans will be placed at hospital air intakes to reduce the impact to patients. The 2 hour public parking on N 120th Street is closed for street improvements. Flaggers will be present during road closures due to construction activities and the roads will be fully open when work crews are off site.

When needed, crews may work on Saturdays between 9am and 7pm in accordance with the approved Construction Management Plan. We appreciate your patience with potential traffic and noise disturbance.

The photo below is the nurse station on level 2.

PROJECT OVERVIEW

The new Behavioral Health Teaching Facility will be a one-of-a-kind fully integrated welcoming and healing environment for individuals struggling with serious physical and behavioral health problems. The building will support a full continuum of clinical services ranging from effective medication management and psychotherapies to state-of-the-art neuromodulation treatments, medical and surgical care for individuals with medical and behavioral health disorders. The building will also become the home for an interdisciplinary training and workforce development program that is focused on preparing and supporting the next generation of behavioral health providers for Washington State.

If you have any questions about the upcoming work at UWMC Northwest, please feel free to contact us and we would be glad to provide any additional information.
