

# CONSTRUCTION BULLETIN

## UW Medicine Behavioral Health Teaching Facility

1550 N 115th St. Seattle, WA 98133

JUNE 2021

The purpose of this bulletin is to inform staff, patients, visitors and the neighbors close to the University of Washington Medical Center Northwest campus about the Behavioral Health Teaching Facility (BHTF) construction project. This bulletin will be published quarterly during the design phase and monthly during the construction phase. Please see the webpage for more information about the project, construction logistics and the milestone schedule. <https://facilities.uw.edu/projects/behavioral-health-teaching-facility>

### CONSTRUCTION ACTIVITIES

The construction team is currently working on the re-routing of underground utilities along the East side of campus. The routing of these utilities will require going beyond the fence line in the location shown below. In order to complete this work, the construction team needs to temporarily remove the existing fence and install a new construction fence that will remain until the re-routing is completed. Additional construction activities include minor digging with construction equipment and placing pipe. The construction team will be in this area between June 17, 2021 and July 02, 2021. We anticipate returning to this area in the spring of 2023 to complete modifications to the parking area and landscape buffer.

### PROJECT OVERVIEW

The new Behavioral Health Teaching Facility will be a one-of-a-kind fully integrated welcoming and healing environment for individuals struggling with serious physical and behavioral health problems. The building will support a full continuum of clinical services ranging from effective medication management and psychotherapies to state-of-the art neuromodulation treatments, medical and surgical care for individuals with medical and behavioral health disorders. The building will also become the home for an interdisciplinary training and workforce development program that is focused on preparing and supporting the next generation of behavioral health providers for Washington State.

If you have any questions about the upcoming work at UWMC Northwest, please feel free to contact us and we would be glad to provide any additional information. Please see attached the Parking Phasing Plan, regarding the temporary parking lot closures.
