

REQUEST FOR PUBLICATION

UNIVERSITY OF WASHINGTON

2019 SMALL WORKS ROSTER

The University of Washington (University) is soliciting applications for its Small Works Roster from qualified contractors. Small Works projects are defined by statute as those projects with an estimated construction cost of less than \$300,000.

The University's Small Works Roster has three categories: General Contractors, Mechanical Contractors, and Electrical Contractors. The University may utilize the Small Works Roster to solicit bids and award contracts for construction, renovation, remodeling, demolition, or repairs for projects at the University's Seattle, Tacoma, and Bothell campuses, and other University locations. The University does not utilize the Small Works Roster for work at the University's Medical Centers or for specialized research facilities projects. Firms interested in performing work at the University's Medical Centers are encouraged to respond to the Critical Patient Care and Specialized Research Facilities Roster Request for Qualifications, which can be accessed at the following website address: <http://cpd.uw.edu/business/constr-opp>.

Contractors currently accepted in any of the Small Works Roster categories do not have to reapply for inclusion in that category.

Deadline: There is no deadline for submission of applications which will be accepted at any time during the year.

Business Equity: The University is committed to providing the maximum practicable opportunity for participation by small business entities (sbe), disadvantaged business enterprises (dbe), as well as state-certified and non-certified minority business enterprises (MBE), women's business enterprises (WBE), and minority women's business enterprises, and strongly encourages sbe, dba, MBE, WBE, and MWBE to apply for inclusion on the Small Works Roster. For each project under the Small Works Roster, the University aspires to achieve 10% combined sbe/dba/MBE/WBE/MWBE participation and seeks the good faith collaboration and cooperation of contractors in pursuit of this aspirational goal.

Application Form: Additional information and the application may be obtained online at the following website address: <http://cpd.uw.edu/business/constr-opp>, or by calling Shelly Marriot, Capital Planning & Development, at (206) 221-4222, or by emailing her at smarriot@uw.edu. Applications may be submitted online, or by mailing the application form to: University of Washington, Capital Planning & Development, Attn: Shelly Marriot, Box 352205, Seattle, WA 98195.

Publication date in the *Seattle Daily Journal of Commerce*: January 11, 2019 and January 17, 2019
