### SUMMARY OF UPCOMING ACTIVITIES (December 15 - January 31, 2024)

The project has finished its underground foundation and shotcrete work and is getting prepped for slab on grade placements. Throughout the next month, the underground electrical, plumbing, and foundation drainage will be completed. Once that is done, the slab on grade will be placed and the base of the construction site will be covered with concrete instead of mud. You will continue to see concrete trucks throughout the month and when slab on grade placement is finished that will change to a crane as steel erection begins.

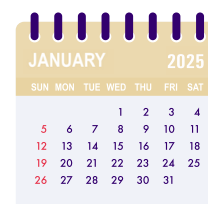

### IMPACT BULLETIN

IMPACT TYPE	INFORMATION	IMPACT DATES
NOISE	<ul style="list-style-type: none"> <li>• Bolt Rattling/Tightening for Steel</li> </ul>	<ul style="list-style-type: none"> <li>• January 24 - March 18</li> </ul>
