| 5.1  | Question: Are the addition of work in rooms 702 and 704 meant to create an additional phase 11 with associated ICRA, or will those rooms be rolled in to an existing phase and still require their own ICRA?  
Answer: Work in rooms 702 and 704 do not require their own phase. UW is hoping that the work in these rooms can be done at the same time as a previously designed phase. These rooms will also require ICRA. |
| 5.2  | Question: Will the award of project be based on the Base Bid pricing or will the award also include the alternate value as well?  
Answer: Determination of Low Responsive Bid is described in Section 00 21 00, Paragraph 10, and states: “The determination of the low responsive bid shall be made by Owner based upon any combination of the base bid and alternates which, in Owner’s sole discretion, is in Owner’s best interest considering price, schedule and other factors. The numbering of the alternates in the Bid Form bears no relationship to the order in which the alternates may be selected by Owner.” |
