Request for Qualifications (RFQ) for On-Call Architectural and Professional Services Healthcare Facilities

Submittal Deadline: April 28, 2021 at 3:00 p.m.

University of Washington Facilities (UWF) is soliciting Statements of Qualifications (SOQ) from experienced firms to provide on-call architectural and professional services for projects in campus healthcare facilities. Projects locations include the University of Washington Medical Center (UWMC), Harborview Medical Center (HMC) and similar facilities within the UW system. Services may be needed during multiple project phases, including planning, design, or construction. Projects are expected to range between $10,000 and $2.5M, including construction costs.

This RFQ is intended to seek firms who have specific design experience in highly-sensitive medical facilities, and demonstrate experience managing considerations such as patient care, infection control, privacy and patient confidentiality, specialized equipment, medical treatment and testing protocols, along with high standards for safety, health, and cleanliness. Projects examples may include laboratory upgrades; installation of owner-furnished highly specialized medical equipment, specialized suite/wing remodels, and renovations of operating room or other critical patient care spaces. Projects are typically delivered within existing, in-use, and occupied areas of our medical facilities.

For the purposes of this selection and subsequent A/E and Professional Services Agreements, UWF is represented by the Project Delivery Group (PDG), however, other units inside UWF that may use services under this Agreement include, but not limited to, Campus Architecture and Planning and Maintenance and Construction. Throughout this request “UWF” will mean all groups inside UWF unless PDG is specifically mentioned.

Master Agreements
The University intends to select four, or more, firms under an on-call Master Agreement that will have no specific contract amount. As individual projects are identified require the services described in this RFQ and any resulting Agreement, the parties will negotiate a specific scope of services and fee that will be formalized and authorized through a work-specific authorization.

Project authorizations under each Master Agreement must be executed prior to the expiration of the Master Agreement. The initial term of the Master Agreement will be three (3) years with an option for the University, with the consultant’s concurrence, to extend the Agreement by amendment for an additional two (2) years (for a maximum of five years).

Hourly rates established for the Master Agreement will remain in effect for the initial three-year term of the Master Agreement. Upon request of the consultant(s) the hourly rates will be subject to renegotiation for the optional two-year term, and new rates, if approved, shall be authorized by an amendment to the Master Agreement. This RFQ does not obligate the UW or the state of Washington.
to contract for services. UW reserves the right to reject any and all proposals received without penalty and not to issue a contract as a result of this solicitation.

Scope of Services

The services under the Master Agreement may include, but are not limited to:

- Feasibility Studies
- Cost Estimates
- Pre-Design Reports
- Facility Condition Evaluations
- Interior Design, including Programming; Medical Planning
- Schematic Design;
- Design Development;
- Construction Documents, including Bid Documents;
- Permitting Assistance/coordination;
- Review of equipment and product specifications;
- Maintenance and Repair Projects;
- Construction administration, including, but not limited to, sufficient quality and quantity of inspections to certify the Project, review of shop drawings and other submittals, and a CADD/electronic file Record Set of Final As-Built Drawings.

General Requirements

1. A contract will be awarded only to a responsible design firm, qualified by experience and in a financial position to perform the Scope of Service for the terms of the Agreement.
2. Firm must have a minimum of five (5) years of continuous licensure in the State of Washington.
3. Evidence of insurance coverage meeting UWF requirements.
4. Background Checks and Controlled Access: The UW may conduct background checks on all employees of the consultant and all subconsultants proposed to perform work prior to award of any contract. Also, most of the medical facilities have controlled access protocol; and it is recommended that consultants become familiar with these protocols.

Submittal Requirements and Evaluation Criteria

The SOQ must include and will be evaluated based on the following criteria. Each firm’s SOQ is limited to 10 sheets of paper, printed double-sided (20 sides), and must include a Table of Contents organized by discrete sections corresponding to the criteria and in the same order as listed below. Cover Letter, section dividers, Table of Contents, and resumes are not counted in the page limit.

1) **Cover Letter (no points)**

Please provide a brief (maximum 1 pages) cover letter explaining your firm’s interest, addressing, at a minimum, the following:

A. Acknowledge that you will accept the Terms and Conditions AND have reviewed any addenda issued to the RFQ, as posted on the University’s website.

B. The name and contact information of the individual in your firm that the University should contact regarding questions about your SOQ. The contact information should include: name of
individual, title, firm name, address, telephone number, and e-mail address.
C. Discuss your firm’s historical workload.
E. Discuss your firm’s financial and organizational stability.
F. If the firm has multiple offices, identify the office that will manage and administer the projects, as well as the office that will develop the services requested.

2) Experience and Past Performance (30 points)
A. Relevant Projects: Please provide examples of four (4) projects completed in the last five (5) years in the healthcare sector. Each project presented should be of a budget of less than five million dollars, with a project duration of 1-2 years. Include the name and type of healthcare facility for each.
B. Programming and Concept Development Experience: Provide an example of at least one (1) project that demonstrates your firm’s experience in the preparation of feasibility studies, programing and concept development for healthcare facilities.
C. Ability to Manage Schedule and Budget: Compare original feasibility baseline cost or original design budget with the final budget and schedule duration for the five (5) projects in your response. Discuss success factors and lessons learned with each.

For each project provide the name, description, size and value; as well as the lead consultant and methodology(ies) used. Ideally, projects will encompass a variety of healthcare settings, e.g., emergency and acute care, trauma centers, outpatient facilities, medical laboratories, academic and medical research spaces. Please highlight experience with design of inpatient facilities. Project details and owner contact information should be included in the References section.

3) Staff Experience and Key Personnel (20 points)
A. Please specify the staff members who will be assigned to this contract, if awarded. Please note each team member’s qualifications and experience that would be leveraged in the approach to Scope of Services. Provide an organizational chart with roles and responsibilities, including naming the lead representative who would be assigned to the UW account.
B. For each of your proposed staff/consultants, provide a resume that highlights experience and expertise in healthcare facilities. Please include a paragraph that speaks to their overall capabilities and subject areas of expertise as applicable. (Resumes and certifications can be placed in an appendix and will not count toward any page counts.)

4) Approach and Methodology (40 points)
A. Industry Trends:
   i) Describe your firm’s understanding and management of outside forces affecting design and development of healthcare projects (i.e., funding, regulatory, technology, trends, etc.).
   ii) Discuss unique factors specific to University healthcare education, medical research, and hospital environments.

B. Planning and Programming:
   i) Discuss your firm’s approach to healthcare programming and planning. Provide detail on how your firm incorporates your client’s specific healthcare procedures, staffing, space
requirements, major equipment needs, and infrastructure support into its planning methodology.

C. **Healthcare Design:** Please discuss an example of how your approach to healthcare design aligns patient and staff safety, privacy, and general experience in a healthcare facility. Include considerations of environmental factors such as sound, lighting, aesthetics, comfort, or other based on your experience.

D. **Project Delivery:** Offer examples that exemplify your firm’s successful project delivery approach and collaboration(s) with Owner stakeholders, engineering design firms, general contractors, subconsultants, and Authorities Having Jurisdiction. Describe how you execute scheduling, logistics, maintenance of patient care, and continuity of operations while highlighting the special considerations required in a healthcare setting. List strategies for providing best value to the Owner for both construction and long-term operational costs by balancing team performance, Owner expectations, and market factors.

E. **Quality Control/Quality Assurance:** Explain how you will approach QC/QA, preferably citing/relying on experience from the projects cited in Criteria 2, Past Experience of the Firm. Note any differences in QC/QA approach for different project delivery methods (ex., Design-Bid-Build vs. Design-Build).

F. **Risk Management:** Explain your approach to project risk management. Your response should identify design and construction risks in healthcare settings, their potential impacts specific to healthcare construction projects, and your firm’s mitigation strategies. Examples should include, but are not limited to, agile response to design changes, permitting challenges, factors affecting project schedule, change orders, and general financial risks.

5) **Business Equity Enterprises (BEE) (10 points)**
   A. The University is committed to providing the most practicable opportunity for Business Equity Enterprises (BEE). Discuss three (3) past projects of similar service scopes where your firm has provided opportunity for sub-consultants and BEEs to be included. For each demonstration project please include the name, description, the size, and the specific opportunity that was afforded. Discuss the scope of work performed by the diverse business partner and any lessons learned.

   B. For this Agreement, discuss potential opportunity for BEE inclusion. Be sure to include thoughts around size, scope, and similar factors that would present the highest practicable opportunity for BEE firms in this work.

   If your firm is a BEE please indicate. Even if your firm is a BEE, UWF is still interested in any opportunities to partner and sub-consult with BEE firms so please discuss any opportunities available. See the Business Equity section near the end of this RFQ for the definitions of BEE.

6) **References (Pass/Fail)**
Provide a minimum of three (3) project owner references for work completed by your firm. References should be selected from projects submitted in your SOQ. Cited references should include project name, reference name, title, project role, and current contact telephone number. Refer to the Selection Process section of this RFQ for information about how reference checks will be used in the evaluation process. Owners and contact information provided in previous criteria can count, we are not asking for additional references.

**Acceptance of University’s Standard Agreements**
The University intends to utilize its standard Master Agreement for Professional Services for the work. The Agreement is available for review on the UW Facilities website at: [https://facilities.uw.edu/projects/business-opportunities/contracts-forms](https://facilities.uw.edu/projects/business-opportunities/contracts-forms). Select the ‘Master Agreement for Professional Services – Miscellaneous OA4’.

Even if requesting in your cover letter that you reserve your right to negotiate terms and conditions, the University makes no commitment that it will modify any of the terms of these standard agreement based on the firm’s exceptions.

Firms should not comment on the terms of Attachment A to the Agreement that include compensation provisions.

**Weighting of Evaluation Criteria**
The SOQ will be evaluated based on the following points for each evaluation criterion:

<table>
<thead>
<tr>
<th>SOQ Evaluation Criteria</th>

</table>

**Submittal Deadline**
One electronic file in PDF format of the Statement of Qualifications containing the above-listed information must be received by UW Facilities – Procurement & Sourcing at uwfbuy@uw.edu no later than the submittal deadline stated on the first page of this RFQ, or as modified by any subsequent addenda. Firms are responsible for ensuring receipt of the SOQ by the deadline stated above. Submittals received after the deadline will not be considered.

Any addenda issued for this RFQ will be published at the following website address: [https://facilities.uw.edu/projects/business-opportunities/solicitations](https://facilities.uw.edu/projects/business-opportunities/solicitations). Firms are responsible for checking the website for any addenda prior to submission of qualifications. If you are unable to download the addenda, you may contact the individual noted at the end of this RFQ.
Selection Process
The SOQs will be reviewed by an evaluation committee and the highest ranked firms will be invited to enter into negotiations with the UW. As an option, the UW may decide to invite the highest ranked firms to an interview in order to appropriately size a roster of firms. Interviewed firms will be asked to prepare a presentation summarizing their statement of qualifications, capabilities and relevant work experience, including why they believe they are the best option for the UW.

The highest ranked firm(s), based on the total points from the evaluation of the SOQs and interviews, will be invited to enter into negotiations with the University. If the University and the highest ranked cannot agree on terms that are fair and reasonable, the University may enter into negotiations with the next ranked firm(s).

The University reserves the right to conduct reference checks for the highest scoring firm(s) either after submissions have been evaluated, and/or after interviews have been held. In the event that information obtained from the reference checks reveals concerns about the firm’s past performance or their ability to successfully perform the work of the agreement(s) to be executed based on this RFQ, the University may, at its sole discretion, determine that the firm is not qualified to move forward in the selection process and/or to enter into negotiations with the University. In conducting reference checks, the University may include itself as a reference if the firm has performed work for the University, even if the firm did not identify the University as a reference. Likewise, the University reserves the right to check references for the firm from other owners and designers even if they were not identified by the firm as references in the SOQs submitted.

Business Equity Enterprises
The University’s Business Diversity and Equity Program recognizes all forms of certified and self-identified diverse firms. BEE include any entity licensed to do business in the State of Washington, including a corporation, partnership, sole proprietorship, or other legal entity that meets any of the
following:

2. **Lesbian/Gay/Bisexual/Transgender Business Enterprise (LGBTE):** More than 50% owned and controlled by at least one person who is a member of the LGBT community.

3. **Minority Business Enterprise (MBE):** More than 50% owned and controlled by at least one person who is a member of one or more of the following minority groups:
   - Asian Pacific American
   - Black American
   - Hispanic American
   - Native American
   - Subcontinent Asian American

4. **Minority Women’s Business Enterprise (MWBE):** More than 50% owned and controlled by at least one woman who is a member of one or more of the above minority groups.

5. **Small Business Enterprise (SBE):** A business entity that:
   - Can attest that it is owned and operated independently from all other businesses and; Conforms to the U.S. Small Business Administration Size Standards of the North American Industry Classification System (NAICS) Codes in which it is to be engaged at the UW; or is certified with the OMWBE

6. **Veteran’s Business Enterprise (VBE):** Certified with the Washington State Department of Veteran’s Affairs (DVA), or a certified Disabled Veteran Business Enterprise.

7. **Women’s Business Enterprise (WBE):** More than 50% owned and controlled by one or more women.

**Questions**
All questions regarding this RFQ should be addressed to Monica Acevedo-Soto, Sr. Procurement and Sourcing Specialist, UW-Facilities Procurement & Sourcing by e-mail at uwfbuy@uw.edu.

Publication date(s) in the *Seattle Daily Journal of Commerce:* April 8-10, 2021
