Design Team	LMN Architects GGN Landscape Architects Hoffman Construction Co.		
Action	Design & Preconstruction Phase – CLT Structure, Building Massing, and Site Refinements		
Goals & Objectives	The goals of this project include the following: <ol style="list-style-type: none">1. Continue success in attracting the best faculty, students, and staff2. Create space that is flexible and adaptable to meet the evolving needs of the Foster Business School3. Complement existing Foster School buildings to form a cohesive and connected Foster School complex4. Celebrate and enhance distinctive campus open space and circulation patterns in this part of campus		
Project Scope	The project is to design and construct a new 82,500,00 square foot building to replace Mackenzie Hall. The program is a mix of instructional, academic and administrative spaces and includes classrooms, offices, team and meeting rooms, and common areas. The Project Definition Phase is complete, design is underway, and the project has a target for submitting the first permit packages in the Fall of 2019. A recent decision was made to utilize CLT construction on the project, a budget increase has been authorized to accommodate this change, and the design process is now advancing to meet these objectives.
