**Project Title**  
UW Bothell + Cascadia College Phase 4 STEM Building  

**Project Manager**  
Harry Fuller – Project Delivery Group, UW Facilities  

**Design Team**  
Contractor – Lease Crutcher Lewis  
Architect - TBD  
Landscape Architect - TBD  

**Project Phase**  
Architect Selection  

**Goals & Objectives**  
- Maximize space for instruction and research in a manner consistent with program goals and institutional standards and values.  
- Create learning environments that support collaboration, active learning, and faculty innovation while building community across students and faculty.  
- Design a physical environment that promotes interactions between UWB and CC faculty, staff, and students.  
- Display the shared campus’s commitment to environmental and economic sustainability, including by seeking to minimize the joint STEM building’s lifecycle costs and carbon footprint.  
- Redistribute STEM facilities across the campus as appropriate to improve operational efficacy, student access and relationships.  

**Project Scope**  
New, approximately 100,000 GSF STEM academic facility providing classrooms, class labs, collaborative faculty offices and student collaboration space in order to accommodate 1100 new FTE students in the fast-growing STEM curriculum.  

**Target Budget**  
$79,438,000  

**Schedule**  
Design-Build and Architect Selection  
May 2019 - December 2019  
Design  
January 2020 – June 2021  
Construction  
May 2021 – August 2022  

**Delivery Method**  
Integrated Design-Build
