

Job Hazard Analysis

University of Washington – Seattle Campus
 Facilities Services – Campus Energy, Utilities & Operations
 Seattle, WA 98195

Working Job Title: Manager of Shop 69 (HVAC)

JHA Completed by CEUO Safety Engineer

Date: 08/2022

The Job Hazard Analysis form is designed to help supervisors assess and address health and safety hazards that have the potential to cause serious injury or illness (e.g., power tools, electrical repairs). Supervisors can use this document to train staff on safe work procedures.

The information below is a good faith effort to identify hazards encountered by the Director of Campus Operations.

The baseline training requirements for this position are:

• Asbestos General Awareness Online	• Ergonomic Online training (optional)
• Covid-19 Safety Training: Back to the Workplace	• Fire Extinguisher Online
• Fire Extinguisher Hands On	• HazCom Training Online

This document will serve as the certification of hazard assessment for personal protective equipment for the above working job title position.
