Eric Shellen, ASUW Representative, Ex Officio
Anneke Szyperski, Disability Services Office Representative
Matt Weatherford, PSO Representative
John Vinson, UWPD
Phil Hunt, Student Life
Landon Bosisio, GPSS Representative
Miranda Leidich, South Lake Union Representative

Minutes accepted, not approved by the UTC
520 Tolling

Ms. Matkin presented materials about the transition to tolling on the SR-520 bridge. These materials can be found attached.

Mr. Kalahiki asked about hospital patients coming for care to the UW Medical Center from the eastside. No payment vouchers are available because all tolling is electronic. The solution to this would be setting up a temporary account that has a time period associated with it.

Avego Program

Mr. Malone presented the UTC with a pamphlet about the Avego program and how it is preparing area residents for the transfer to tolling on the SR-520 bridge.

BGT Corridor Study

Ask Dave to write up a brief summary of what was said.

Bike Parking Strategy

Ask Dave to write up a brief summary of what was said.

Universal U-PASS Update

The group will present an information item to the Board of Regents in April with a final decision coming in May. This change would make all students U-PASS members in time for the 20th anniversary of U-PASS in Fall Quarter 2011.

TS is currently working with the city to get some relief on the commercial parking tax, if it happens then we’ll have some breathing room for faculty/staff U-PASS program. Timeline for rate approval depends on what happens with all of the other moving pieces. Mr. Malone asked about how carpool rates on campus operate and Ms. Gilman explained the different options for carpools to park on campus; daily impromptu basis or long term with a permit.

Faculty/Staff U-PASS Rate

Ms. Davenport was unable to attend this meeting and the topic was waived in favor of a full discussion later, when she is present.
Additional Items

A Doodle survey has been sent out to all UTC members. They should take this survey so that Sara can find the next meeting time. Hopefully this meeting will take place in about two weeks.

Meeting Adjourned.
